Re: NJPDES No. NJ0000221
Correction of 1982 permit Fee

Dear Mr. Tormey:

In response to your letter of February 15, 1983, concerning the 1982 permit fee for your facility, a further review by the Department has established a revision in loading data used to calculate your NJPDES/DSW fee.

We have calculated a loading of 487.2491 MBTU/hr for your category C surface water discharge. This results in the minimum fee of \$10,780.00 minus a previous year's credit of \$1,316.46 giving an annual fee of \$9,463.54. We have received payment of \$12,893.54 which is an overpayment of \$3,430.00. You will receive a refund under separate cover.

Thank you for your cooperation with the NJPDES program. If you have any further questions you may contact Mr. Steve Waddell of my office at (609) 984-4428.

Very truly yours,
